# WHO WE ARE

*GreenSmile* is a professional **Project Management, Constructions, Interiors & Exteriors, Sports Infra & Landscape Infra** firm conceptualized in 2009 with a dream to extend complete spectrum of services in this field.

On the back of multiple reforms in the all types of Infra sectors in India, like **Real Estate, Sports Infra & Landscape Infra**; The industry is moving towards using organized contractors for executions of projects. The Contracting space is also witnessing this trend, and *GreenSmile* has built capabilities to tap this fast-growing market.

Our Project Management experience, and the use of best technology strengthens our ability to provide turnkey Contracting services for projects across India.

Here in *GreenSmile* we work as a team **to achieve all project goals within the given constraints Especially Scope, Time & Budget.**

Our aim is to take your dream and aspirations, put them together with all the practicality you require for your inside-outside space(s) and deliver a perceptual experience of Bliss and Essence to enhance “People-Environment Relationship” in sensible way which can be enjoyed for years to come.

The services offered by *GreenSmile* are rendered with the help of extremely talented and experienced professionals. Our service range has been highly appreciated by our Customers for extremely reliable, cost-effective and timely executed Projects. These services are rendered keeping in mind the specific requirements of our clients Creating strength & beauty in indoor and outdoor spaces is what we do.

We as a company strongly believe in beauty and purity of nature and its role in human life. Hence company’s objective is to design, execute and decorate living, playing and working spaces that would enhance people – environment relationship in sensible way. This in turn would promote greater efficiency in all kinds of human endeavors.

# PROJECT MANAGEMENT

## → FEATURES:

- Green Smile is process driven firm where we lead the work of a team to achieve all project goals within the given constraints; This we called perfect Project Management.
- Planning and organization of a company's resources to move a specific task, event, or duty towards completion. Where activity and resources managed include personnel, finances, technology, and intellectual property.
- We at Green Smile Project Management uses specific knowledge, skills, tools and techniques to deliver something valuable to people.

# ARCHITECTURES

## → FEATURES:

- In Green Smile we believe architecture is the process and product of planning, designing, and constructing buildings or other structures. Because we strongly believe that architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of an art.
- Our responsibilities as an architectures include supervising the construction process, resolving any planning issues, managing the environmental impact of projects, consulting other design professionals and sticking to financial budgets.

# CONSTRUCTIONS

## → FEATURES:

- In construction We Green Smile provides a project's owner(s) with effective construction solution with project's schedule, cost, quality, safety, scope, and function. Our Construction process is compatible with all project delivery methods.
- The kind of projects that we handled that includes designing drainage or sewage systems, constructing buildings, hospitals, sports & landscape infra;
- We have ability to handle projects possibly in the infrastructure department like roadways, water waste management, and among others.

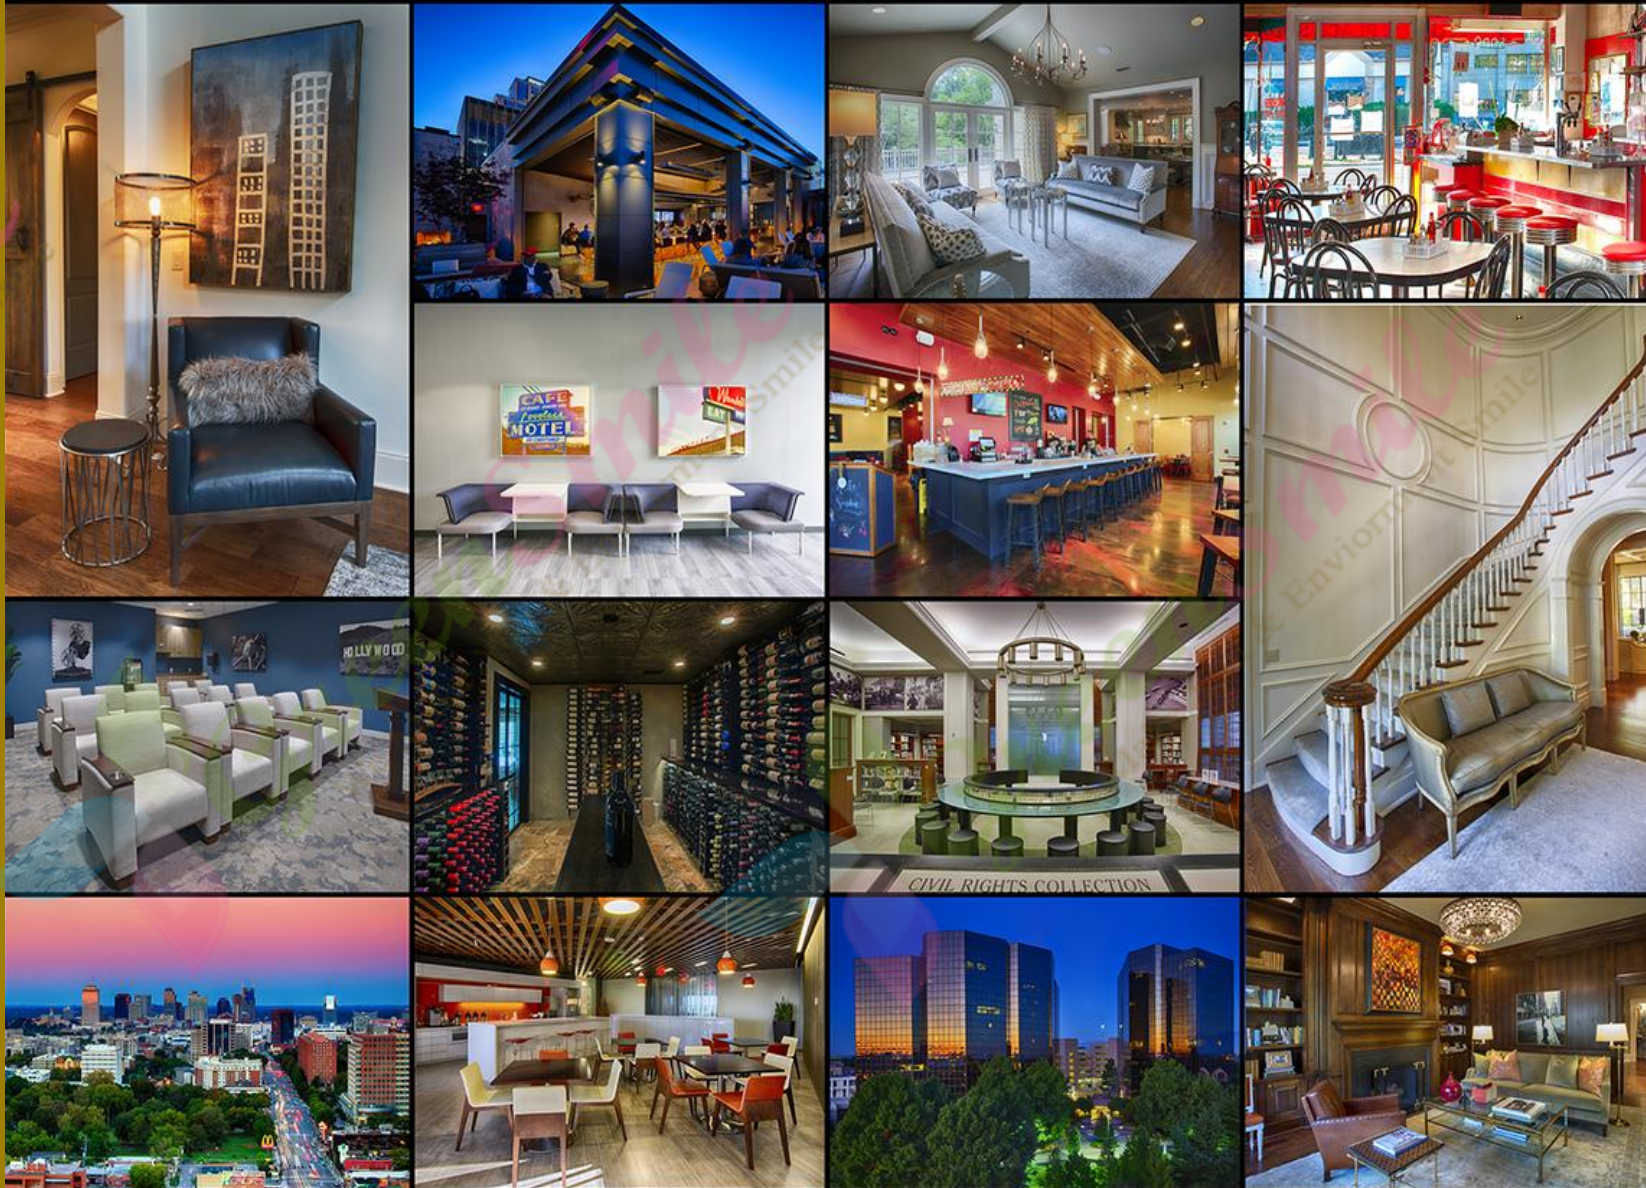

# INTERIORs & EXTERIORs

## → FEATURES:

- At Green Smile we believe that interiors & exteriors are the art and science of enhancing the interior & exterior of a building and or a space to achieve a healthier and more aesthetically pleasing environment for the people using the space.
- We have a very creative and dedicated team who plans, extensive researches, coordinates, and manages such enhancement projects.
- We make spaces functional, safe, and beautiful by determining space requirements and selecting essential and decorative items, such as colors, lighting, and materials.

# SPORTs INFRA

## ➔ FEATURES:

- We at Green Smile well established for Sports & its infra because; we know that Sports infrastructure plays a crucial role in achieving excellence in the global arena of sports.
- Sports Infra not only helps in producing sports persons of international repute, but also encourages the young population of a country to participate in sporting activities with the objective of creating a culturing of sports.

# LANDSCAPES INFRA

## → FEATURES:

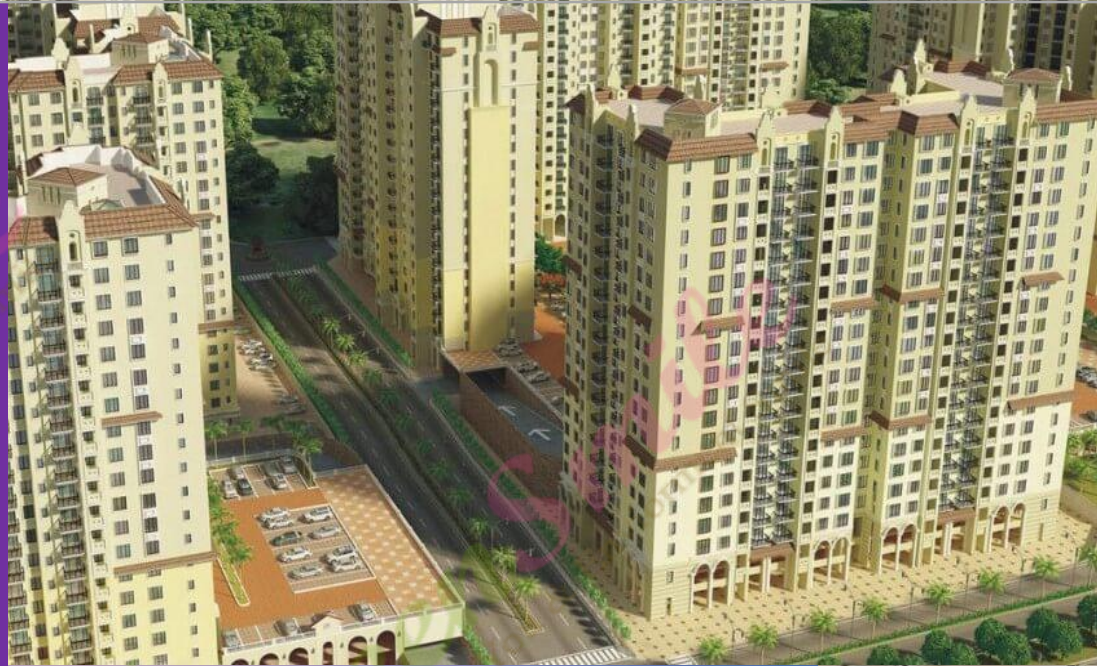

- Landscape Infrastructure is a methodology that expands the performance parameters of a designed & developed landscape to a multi-functional, high performance system, including those systems originally ascribed to traditional infrastructure. Similarly, traditional urban design is oriented towards building massing and grids.
- We work on structures and external spaces in the landscape aspect of the design & development of large or small, urban, suburban and rural, and with "hard" (built) and "soft" (planted) materials, while integrating ecological sustainability.
